“The very kind and professional manner of your staff has made the experience much easier. I would not hesitate to recommend The Bank of England to anyone inquiring about a home loan.” **Paula** VIRGINIA

“I struggled when I did the first mortgage two or so years ago. I was really dreading doing it again, but The Bank of England kept in good contact with me through every step and phase, really worked hard and looked out for my best interest.” **Judy** FLORIDA

“The Bank of England is a good bank to work with: They are service oriented and not in a hurry (people in a hurry with my money make me nervous). They called after hours since I had to do most of the paper work after the kids were in bed. I didn’t have to haggle. They simply got the best rate that was out there told the truth and didn’t beat around the bush. Having the closing at my house was also a big plus because I didn’t need to miss work. I will do business with The Bank of England again.” **Alex** FLORIDA

“The process was so easy. I had a lot of questions, but they were so patient. I could always get in contact with The Bank of England. It was an absolute wonderful experience.”
